

The 2nd International Conference GREEN CITIES 2016: GREEN LOGISTICS FOR GREENER CITIES

2-3.03.2016

Focus Hotel, 23 Małopolska Str., Szczecin

Conference programme:

The first day: 2.03.2016:

8.30 – 9.30	– Registration of participants	
9.30 – 10.00	– Welcome and opening of the conference: <ul style="list-style-type: none"> invited guests Stanisław Iwan – Chairman of Scientific Committee 	
10.00 – 11.30	– Plenary Session – Chairman: Stanisław Iwan, Maritime University of Szczecin <ul style="list-style-type: none"> Russell G. Thompson – University of Melbourne Massimo Marciani – Link Campus University Ron van Duin – Delft University of Technology 	
11.30 – 12.00	– Coffee break	Poster session I:
12.00 – 13.30	– Session I. Chairman: Maja Kiba-Janiak, Wrocław University of Economics. Presentations: <ul style="list-style-type: none"> Mirosław Moroz, Zdzisław Pólkowski, “The last mile issue and urban logistics: choosing parcel machines in the context of the ecological attitudes of the Y generation consumers purchasing online” Leise Kelli de Oliveira, Gustavo Fonseca de Oliveira, Rodrigo de Abreu Vieira, “Identifying solutions for car vehicle deliveries in urban areas: a case study in Belo Horizonte (Brazil)” Andrzej Montwiłł, “The impact of the development of seaport objective functions for cargo logistics system in urban areas as an example of the Szczecin Metropolitan” Jerzy Korczak, “The concept of sustainable development of public passenger transport in Koszalin” 	<ul style="list-style-type: none"> Katarzyna Cheba, Sebastian Saniuk, “Sustainable urban transport – the concept of measurement” Tomasz Dudek, “Selection method of a logistics company IT system. A highly efficient infrastructure to respond, change and to drive innovation” Marcin Foltyński, “Management tool for streamlining city logistics” Katarzyna Grondys, Iga Kott, Katarzyna Sukiennik, “Initiatives to reduce pollution in selected” Polish cities in terms of transport Ewa Hącia, “The impact of tourist traffic on the functioning of Polish seaside health resorts” Jens Klauenberg, Christian Rudolph, Jürgen Zajicek, “Potential users of electric mobility in commercial transport – identification and recommendations” Helena Kościelniak, Agata Górka, “Public-private partnerships for sustainable urban logistics” Sabina Kauf, “Public-private partnerships for sustainable urban logistics” Mariusz Jedliński, Kinga Kijewska, “The

		Concept of Binary Evaluation of Freight Quality Partnership Impact on the Principles of Sustainable Urban Development”
13.30 – 14.30	– Lunch	
14.30 – 16.00	– Session II. Chairman: Ron van Duin, Delft University of Technology Presentations: <ul style="list-style-type: none"> • Jacek Oskarbski, Daniel Kaszubowski, “Implementation potential for ITS/ICT solutions in urban freight management” • Krzysztof Małecki, “The importance of automatic traffic lights time algorithms to reduce the negative impact of transport on the urban environment” • Jarosław Wątróbski, Paweł Ziemba, Krzysztof Małecki, “Green energy for a green city – a multi-perspective model approach” • Jacek Oskarbski, Daniel Kaszubowski, “Implementation of Weigh-in-Motion system in freight traffic management in urban areas” 	Poster session II: <ul style="list-style-type: none"> • Izabela Kotowska, “Policies applied by seaport authorities to create sustainable development in port cities” • Justyna Lemke, Leszek Piotrowski, “Availability of Transport Services at the Odra Waterway Depending on the Weather” • Krzysztof Lewandowski, “The Proposition of Amendments To Certain Law Acts for Betterment of the Safety Conditions of The Supply Of Goods In The City Centre” • Krzysztof Lewandowski, “Protection the Smart city against the CME's” • Agata Mesjasz-Lech, “Urban air pollution challenge for green logistics” • Joanna Nowakowska-Grunt, Monika Strzelczyk, “Problem of air pollution and road freight in European Union” • Anna Rolewicz-Kalińska, “Logistic constrains as a part of sustainable Medical Waste Management System” • Marcin Stępień, Sylwia Łęgowik-Świącik, Wioletta Skibińska, Izabela Turek, “Identification and Measurement of Logistics Cost Parameters in the Company” • Aleksandra Łapko, “The use of auxiliary electric motors in boats and sustainable development of nautical tourism – cost analysis, the advantages and disadvantages of applied solutions”
16.00 – 16.30	– Coffee break	
16.30 – 18.00	– Session III. Chairman: Russell G. Thompson, University of Melbourne Presentations: <ul style="list-style-type: none"> • Nilesh Anand, J.H.Ron van Duin, Lori Tavasszy, “Modelling multi-stakeholder city logistics domain using the agent based modelling approach” • Bjørn Gjerde Johansen, Wiljar Hansen, “Predicting market allocations, user benefits and wider economic impacts of large infrastructure investments for freight transportation in Norway” • Jarosław Wątróbski, “Outline of multicriteria decision-making in green logistics” 	
from 19.30	– Social activities and gala dinner	

The second day: 3.03.2016:

9.30 – 11.00	<p>– Discussion Panel I: "Green Logistics in local and regional strategies". Chairman: Massimo Marciani, Link University of Rome. Panellists:</p> <ul style="list-style-type: none"> • Ron van Duin, Delft University of Technology • Russell Thompson, University of Melbourne • Ewa Kurjata, Strategy & Development Department, Szczecin Municipality • Krzysztof Żarna, West Pomeranian Marshal Office • Renata Pałyska, Regional Environmental Protection Inspectorate in Szczecin • Olav Eidhammer, the Institute of Transport Economics 	<p>Poster session III:</p> <ul style="list-style-type: none"> • Michał Jakubiak, "The improvement in collection of municipal waste on the example of chosen administrative commune" • Ewa Kulińska, "The cost of risk in the process of urban transport" • Dagmara Bubel, Katarzyna Szymczyk, "The SmartFreight project as a superior way to cope with congestion and environmental negative externalities in urban areas" • Ilona Urbanyi-Popiołek, Magdalena Klopott, "Container terminal and port city interfaces – a study of ports of Gdynia and Gdańsk" • Natalia Wagner, "Taxonomic analysis of logistic potential of Polish voivodships" • Marcin Zawada, Marta Starostka-Patyk, "Energy efficiency in the context of low emission reduction on the example of Czestochowa City" • Paula Bajdor Marta Starostka-Patyk Tomasz Lis "The analysis of waste management in Czestochowa City for the years 2011-2014" • Nina Nesterova, Hans Quak, "A city logistics living lab: a methodological approach" • Ewa Kulińska, Monika Odlanicka-Poczobutt, "Improvement of the urban transport with the use of the pipeline supply network"
11.00 – 11.30	– Coffee break	
11.30 – 13.00	<p>– Discussion Panel II: "New Technologies as the Support of Development of Green Logistics Systems in Cities". Chairman: Jerzy Mikulski, Polish Association of Transport Telematics. Panellists:</p> <ul style="list-style-type: none"> • Michał Żuchora, SpeedBłysk/Vitronic • Rafał Zgorzelski, InPost strategic advisor, CEO of National Employers' Association of Private Postal Operators • Krzysztof Małecki, West Pomeranian University of Technology • Roman Rybak, Maritime University of Szczecin • Filip Grega, SOS Foundation • representative of Szczecin Municipality 	
13.00 – 14.00	– Lunch	
14.00 – 15.30	<p>– Session IV. Chairman: Eftihia Nathanail, University of Thessaly Presentations:</p> <ul style="list-style-type: none"> • Olav Eidhammer, Jardar Andersen, Bjørn Gjerde Johansen, "Private public collaboration on logistics in Norwegian cities" • Eftihia Nathanail, Michael Gogas, Giannis Adamos, "Urban freight terminals: A sustainability cross-case analysis" • Maja Kiba-Janiak, "Risk management in the field of Urban Freight Transport" 	<p>Poster session IV:</p> <ul style="list-style-type: none"> • Oksana Seroka-Stolka, "Green initiatives in environmental management of logistics companies" • Jacek Szoltysek, Rafał Otręba, "Determinants of quality of life in building the Green City concept" • Andrii Galkin, Ievgen Litomin, Illya Tolmachov, "Applying distribution center in Ukrainian distribution system" • Nataliya Dril, Andriy Galki, Natalya Bibik, "Applying city marketing as a tool to support sustainable development in small cities: case"

<ul style="list-style-type: none"> • Judyta Wesołowska, “Urban infrastructure facilities as an essential public investment for sustainable cities – indispensable but unwelcome objects of social conflicts. Case study of Warsaw, Poland” • Bogusz Wiśnicki, “Determinants of river ports development as logistics trimodal nodes illustrated by the ports of the Lower Vistula River” 	<p>study in Ukraine”</p> <ul style="list-style-type: none"> • Bogusz Wiśnicki, Artur Kujawski, “Conditions for the development of port city transport infrastructure illustrated with the example of Szczecin agglomeration” • Kinga Kijewska, “Analysis of the Christmas period impact on the freight transport demand in Szczecin” • Kinga Kijewska, Mariusz Jedliński, “The idea of “FQP Projectability Semicircle” in determining the Freight Quality Partnership implementation potential of the city” • Justyna Lemke, Stanisław Iwan, Jerzy Korczak, “Usability of the parcel lockers from the customer perspective – the research in Polish Cities” • Krystian Pietrzak, “Analysis of the possibilities of using Light Rail Freight in the aspect of the implementation of freight in the agglomeration areas (e.g. West Pomeranian Province)”
<p>15.30 – 16.00 – Summary and conclusion of the conference – Stanisław Iwan, Maritime University of Szczecin, Chairman of Scientific Committee</p>	

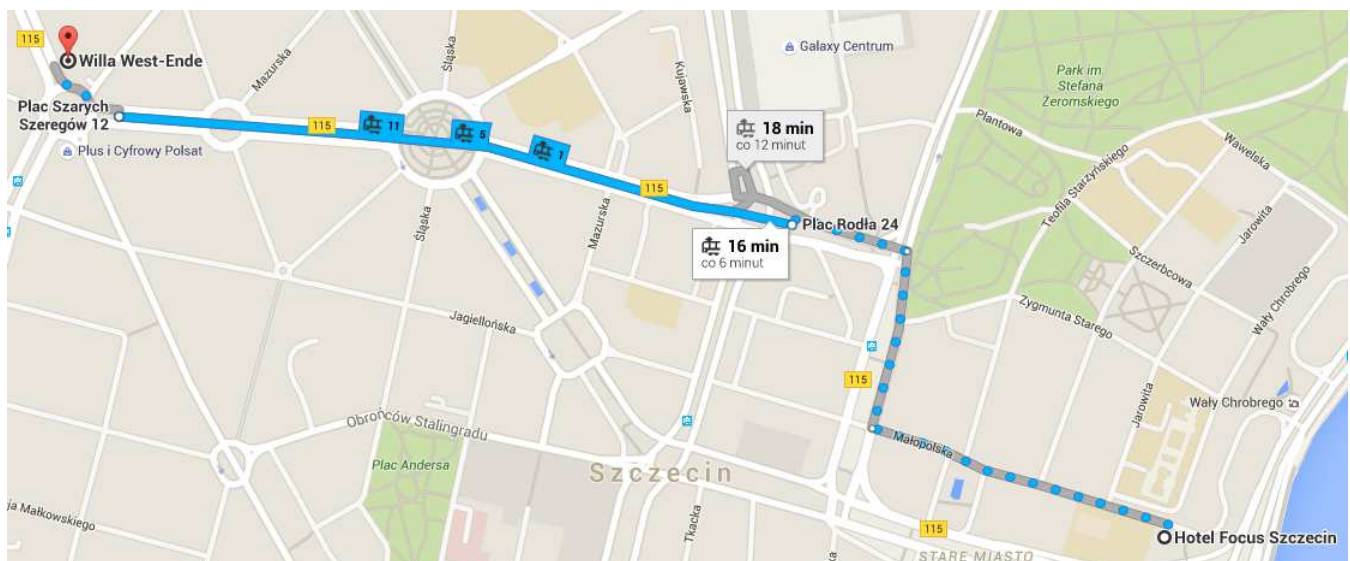

Gala dinner

The time: **Wednesday, 2nd of march 2016, 19³⁰.**

The place: **Willa West – Ende**
Al. Wojska Polskiego 65
70-478 Szczecin

By public transport:

trams **1, 5** or **11**
from **Plac Rodła 24 tram stop**
to **Plac Szarych Szeregów 12 tram stop**
travel time: **3 minutes**.

By taxi:

call: **+48 91 433 53 35** or ask at the hotel,
travel time: **3 minutes**,
cost: approximately **10-12 Pln (2,50-3,00 €)**.

Walking:
